Application Information

Japan-focused MBA/China-focused MBA 2006–2007 Admission

I. GENERAL ADMISSION INFORMATION

For admission to the JEMBA or CHEMBA program, applicants must hold a bachelor's degree from an accredited U.S. college or university or its equivalent from a recognized foreign institution of higher learning. The standards of the foreign degree in question must be equivalent in both the distribution of academic subject matter and in scholarship achievement requirements to those maintained at the University of Hawai'i at Manoa.

A student may be denied admission for any number of reasons: an undistinguished academic record and poor test scores, inadequate preparation and background for advanced academic or professional study, unclear or unfocused objectives for graduate study, inability of the program to accommodate all qualified applicants due to limited space, or lack of faculty to guide the student in his/her specified area of interest.

Please note that an individual who has received or expects to receive an MBA degree cannot be considered for admission to the JEMBA or CHEMBA program.

The University of Hawai'i at Manoa Graduate Admissions Office notifies each applicant of the final application decision. *Applicants should not make definite arrangements to attend the University of Hawai'i at Manoa until they receive an official notice of acceptance from the Graduate Admissions Office.*

Admission Status

An applicant's admission status is valid for the program to which the applicant is accepted. Admission cannot be deferred. Admission in a previous year does not guarantee admission in a new academic year. Admission files are retained for two years from the date of application.

Criteria For Admission

An applicant must hold a bachelor's degree from a regionally accredited United States college/university or its equivalent from a recognized foreign institution of higher learning. Generally, an applicant must have a grade point average of 3.0 (4.0=A scale) or the equivalent, in the last four semesters or 60 semester credits (or the equivalent in quarter credits) of undergraduate study and in all upper division post-baccalaureate and graduate level work.

International Credentials

The following lists the academic credentials required of international applicants from certain countries or regions for admission consideration. These qualifications must be completed prior to enrollment. *Please note that not all regions and countries are represented below and admission eligibility is unable to be determined without reviewing all required application materials.*

- **Australia, Canada, and South Africa:** Bachelor's degree requiring at least four years of study or an honours bachelor's degree.
- **Baltic and East European States, former Soviet Republics:** Diplom or Diploma, Inzeny'r, Magister, Oklevél requiring four to five years of post-secondary study.
- **Bangladesh, India, Myanmar (Burma), Nepal and Pakistan:** Completed master's degree at the time the application is filed, or a 4-5 year bachelor's degree such as the B. Agriculture, B. Architecture, B. Engineering, B. Technology, or MBBS degree.

- **United Kingdom or British-patterned systems (Australia, Hong Kong, Malaysia, New Zealand, Singapore, Sri Lanka, and some African countries):** Honours bachelor's degree. Applicants should apply after the degree has been awarded and should submit an official certificate indicating the degree awarded, division, and class standing.

II. VALID GMAT/GRE AND TOEFL/IELTS TEST DATES

All applicants must submit an official GMAT/GRE score report from a test taken within five years of the date of application.

Applicants whose native language is not English must submit an official TOEFL/IELTS score report from a test taken within two years of the date of application. See section IV of the “Application Information” for details.

Fujitsu Asia Pacific Scholarship Program Applicants

GMAT/GRE taken between October 2000 and October 2005, inclusive; TOEFL/IELTS taken between October 2003 and October 2005, inclusive.

III. OFFICIAL TRANSCRIPTS

Official transcripts are required from each college or university level institution attended including any study abroad or exchange programs, summer programs, and non-degree work and extension programs. Academic records are official if the documents are original records issued by the college or university, bear the official signature of the registrar and the embossed seal or official stamp of the issuing institution. Transcripts must be received directly from the institution or in a sealed institutional envelope if submitted with the JEMBA/CHEMBA application materials.

Nontraditional Grading

If more than 25% of a student’s undergraduate course work at U.S. institutions has been graded under a non-traditional grading system (e.g., pass/fail, credit/no credit, S/U, H/CR, no grades, etc.), the transcripts must be accompanied by official

course performance reports or faculty evaluations.

International Academic Credentials

All transcripts of college or university level academic records must be official, issued in the original language and accompanied by certified literal English translations. The translations must bear the official seal or inked stamp of the issuing institution and the original signature of the translator, and must be complete and exact word for word translations of the original documents. *Numerical percentage grades must not be converted to letter grades.* A complete grading scale or system of evaluation is required, if not indicated on the official transcript. Official academic records must be received directly from each college or university level institution attended or in a sealed institution envelope if being submitted with the JEMBA/CHEMBA application.

Academic records must indicate all dates of attendance, courses, credits or hours, and grades received. If the title of the course is not descriptive in terms of content, a syllabus of the course of study should accompany the transcript.

If the degree, diploma, professional title, certificate, or other academic credential is not entered on the transcript, an official copy and English translation of the academic credential must be submitted along with the transcript. The name of the degree should be indicated exactly as it is known in the country of origin, and should not be translated or interpreted in terms of a U.S. degree equivalent.

Applicants from institutions in Bangladesh, India, Myanmar, Nepal, and Pakistan are required to submit properly attested mark sheets for each year of study showing the subject included in each examination, the maximum mark in each subject, the minimum mark for passing, the mark obtained, and the “Division” or “Class” received.

Properly certified transcripts are accepted from applicants in countries where the educational institution will not issue official transcripts (e.g., Bangladesh, India, Pakistan). Applicants may submit typewritten facsimiles or photocopies of their academic records provided they are attested true copies bearing the original signature of the registrar, assistant registrar, head of the department, dean of student affairs, or controller of examinations. Notarized credentials or certification by officials of government agencies, such as binational commissions and foundations abroad, attesting to the authenticity of the photocopied credentials are also acceptable and are considered official if certified with full name and title of the official of the agency. *Do not send the original of an academic record that cannot be replaced.*

The **Graduate Information Bulletin** of the University of Hawai‘i at Manoa (UHM) is the official statement of offerings, requirements, and procedures and should be consulted on all matters concerning graduate programs (<http://www.hawaii.edu/catalog>).

The accompanying application form is to be used only by applicants for admission to the **Japan-focused MBA (JEMBA)** or **China-focused MBA (CHEMBA)** program. Applicants to the JEMBA or CHEMBA must follow these instructions and complete the attached forms.

Japan-focused MBA/China-focused MBA 2006–2007 Admission

Compliance with Federal Legislation

I. USE OF SOCIAL SECURITY NUMBER:

Section 7(b) of the Privacy Act of 1974 (5 U.S.C. 522a) requires that when any Federal, State or local government agency requests an individual to disclose his or her social security account number, that individual must also be advised whether the disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited and what uses will be made of it.

Accordingly, each applicant is advised that disclosure of his or her social security account number (SSAN) is required as a condition for making application to any of the campuses of the University of Hawai'i, in view of the practical administrative difficulties that the University of Hawai'i would encounter in maintaining adequate student records without the continued use of the SSAN.

The SSAN will be used to verify the identity of the applicant, and as a student identification number throughout the period in which the applicant is enrolled, or otherwise associated with the University, in order to record data accurately. As a student identification number, the SSAN is used in such activities as: reconciliation of documents in order to determine eligibility for admission and residency for tuition purposes; registration and academic record-keeping; use of library materials; student affairs programs requiring verification of enrollment for the purpose of providing services; and alumni affairs.

Authority for requiring the disclosure of an applicant's SSAN is grounded in Section 304.2 and Section 304.4, Hawai'i Revised Statutes, as amended, which provides that the Board of Regents of the University of Hawai'i shall have general management and control of the affairs of the University. The University of Hawai'i has, for several years, consistently required the disclosure of SSAN on the admissions application forms and other necessary University documents.

In addition, it should be noted that the SSAN of parent, guardian, or spouse of an applicant is also requested if the applicant claims residency on the basis of the residency of the parent, guardian, or spouse. A parent, guardian, or spouse is advised that disclosure of his or her SSAN for the above purpose is mandatory. Failure to provide it may affect the applicant's admission to the University and the tuition charged the applicant when such applicant registers for classes. Parent's, guardian's, or spouse's SSAN will be recorded only on the Residency Declaration itself and will not be maintained in any other system of records. Its use will be restricted to further verification of information reported on the Residency Declaration by the applicant and/or parent, guardian, or spouse.

II. NONDISCRIMINATION AND AFFIRMATIVE ACTION:

It is the policy of the University of Hawai'i to comply with all Federal and State laws covering students and applicants for admission that prohibit discrimination in University programs and activities as well as those covering employees and applicants for employment that mandate affirmative action and/or prohibit discrimination in recruitment, hiring, training, promotion and retention. A detailed listing of all applicable laws is contained in University of Hawai'i Executive Policy E1.202. The University of Hawai'i does not discriminate on the basis of race, sex, religion, age, color, national origin, ancestry, marital status, handicap, arrest and court record, sexual orientation, and veteran status, and strives to promote full realization of equal opportunity and affirmative action through a positive, continuing program on each campus.

Inquiries regarding the University's equal opportunity policies may be directed to:

Office of the Vice President for Student Affairs
University of Hawai'i at Manoa
2444 Dole Street, Bachman 207
Honolulu, HI 96822
Phone: (808) 956-8753

III. EMPLOYMENT OF GRADUATES:

Section 177.64 of the Rules and Regulations Governing the Guaranteed Loan Program (20 U.S.C. 1071 through 1087-1) requires the participating institutions make good faith efforts to present each prospective student, prior to the time the prospective student obligates himself or herself to pay tuition, with a complete and accurate statement about the institution, its current academic or training program, and its faculties and facilities, with particular emphasis on those programs in which the prospective student has expressed interest. Further, in the case of an institution having courses of study, the purpose of which is to prepare students for a particular vocation, trade or career field, such statement shall include information regarding employment of students enrolled in such courses, in such vocation, trade or career field.

Accordingly, an applicant (prospective student) is advised to secure copies of the current General Information Bulletin and Graduate Information Bulletin of the University of Hawai'i at Manoa (may be purchased from the University Bookstore or read from the Website at <http://www.hawaii.edu/catalog>) in order to gain information describing the nature of the campus, its academic and student services programs, its faculties, and its facilities.

Further, each applicant is advised to contact the Director of Placement at each of the campuses of the University of Hawai'i at which the applicant is seeking admission in order to gain information describing the potential for employment of applicants who enroll in the programs in which the applicant is seeking also to enroll.
